

## Capabilities Statement

# Building Stronger Organizations for Lasting Impact

The Grant Advisory Group partners with mission-driven organizations to strengthen leadership, sharpen strategy, build sustainable revenue, and create the systems needed to turn vision into measurable progress. Led by an experienced nonprofit executive, the firm brings practical insight, disciplined planning, and implementation-focused support to organizations navigating growth, transition, and opportunity.

## Core Capabilities

### Governance & Leadership

- Board development and governance support
- Executive transitions and leadership development
- Retreat facilitation and team alignment
- Decision-making, accountability, and succession planning

### Fundraising & Revenue Strategy

- Development planning and revenue diversification
- Major gifts and donor engagement strategy
- Grant strategy and institutional fundraising
- Fundraising systems and board engagement

### Program Design & Evaluation

- Theory of Change and logic model development
- Outcomes, measurement, and evaluation planning
- Survey design and data collection tools
- Dashboards, reporting, and impact storytelling

### Strategic Growth & Operations

- Strategic planning and organizational assessments
- Operating systems and process improvement
- Stakeholder engagement and facilitated planning
- Implementation support and interim leadership

# Why The Grant Advisory Group

*Experienced Leadership. Practical Strategy. Focused Execution.*

The Grant Advisory Group combines senior-level nonprofit leadership experience with a practical understanding of what organizations need to move from planning to action. Each engagement is personally led by **Founder and Principal Reginald M. Grant**, ensuring direct access, clear accountability, and tailored support throughout the work.
